Graphics Workshop II

EVDA 543 / ARST 453  .  H(0-8)  .  Winter 2020

Instructors
Matthew Parker  
Office hours by appointment  
mdparker@ucalgary.ca

Daniel Hapton  
Office hours by appointment  
daniel.hapton@ucalgary.ca

Teaching Assistants
Rebecca Cey  
rebecca.cey1@ucalgary.ca

Frederick Methot  
frederick.methot@ucalgary.ca

Days and Times
Mondays + Wednesdays  08:40 – 12:50  PF 2160

Course Description
Graphics Workshop II expands on the foundational techniques introduced in Graphics I. The course works to build skill in modelling, visualization, and technical documentation, with a special emphasis on digital, information-driven workflows. Graphics II aims to build technical competency and intuition across a range of platforms, engaging students in contemporary modes of architectural production, analysis, and representation.

CACB Student Performance Criteria
At a secondary level:  B1 – Design Skills.

Course Objectives
Technique
Students will produce outputs that demonstrate proficiency in the use of design tools and awareness of how these tools can work together to produce design workflows.

Information
Students will produce outputs that are precise and show an appropriate amount of detail for their context.

Communication
Students will produce and present graphic and built outputs that demonstrate sensitivity to tone, hierarchy, the organization of pieces, and project narrative.

Craft & Completeness
Students will produce well-crafted outputs that demonstrate an attention to detail, material, and presentation.

Teaching Approach
The class will meet twice weekly for a mix of lecture, in-class activities, tutorials, and reviews. Lectures, reviews, new assignments, and discussion will usually happen on Mondays, and tutorials and workshops will usually happen on Wednesdays. As noted in the schedule outline on the cover page of the syllabus, each week has a theme that will influence both the lecture and tutorial work. Some of these are one-off exercises meant to explore a branch of the tree, where others are sequenced in a way that builds competency in core techniques.
Textbooks, Equipment, and Software

No textbooks are required for this class. Occasional readings may be assigned and PDFs will be made available. Students are expected to have their own laptop computers. Required software is listed below (additional plugins / software, as necessary, may be integrated into some exercises):

- Blender
- Rhino / Grasshopper
- Dynamo
- Slicer
- Adobe Suite (Illustrator, Photoshop, inDesign, etc.)

Course Modules

The course is organized into three modules, each of which will help you build resolution in your modelling practices and design work. They will all in some way deal with the production of technical documentation, visualization, and information-driven workflows.

1 | Poly Modelling
   From 2D to 3D
   Computer Modeling I
   Orthographic Representation
   Rendering

2 | Making & Representation
   Interoperability I
   Computer Modeling II
   Rationalization
   Digital Fabrication
   Drawing

3 | BIM Workflows
   Basic BIM Workflows
   BIM Interface
   Interoperability II

Assignment Weighting

A0 (participation) – 10%
A1 (module 1) – 30%
A2 (module 2) – 35%
A3 (module 3) – 5%
A4 (portfolio) – 20%
## Means of Evaluation

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Point Value</th>
<th>4-Point Range</th>
<th>Percent</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>4.00</td>
<td>4.00</td>
<td>95-100</td>
<td>Outstanding - evaluated by instructor</td>
</tr>
<tr>
<td>A</td>
<td>4.00</td>
<td>3.85-4.00</td>
<td>90-94.99</td>
<td>Excellent - superior performance showing comprehensive understanding of the subject matter</td>
</tr>
<tr>
<td>A-</td>
<td>3.70</td>
<td>3.50-3.84</td>
<td>85-89.99</td>
<td>Very good performance</td>
</tr>
<tr>
<td>B+</td>
<td>3.30</td>
<td>3.15-3.49</td>
<td>80-84.99</td>
<td>Good performance</td>

<tr>
<td>B</td>
<td>3.00</td>
<td>2.85-3.14</td>
<td>75-79.99</td>
<td>Satisfactory performance</td>
</tr>
<tr>
<td>B-</td>
<td>2.70</td>
<td>2.50-2.84</td>
<td>70-74.99</td>
<td>Minimum pass for students in the Faculty of Graduate Studies</td>
</tr>
<tr>
<td>C+</td>
<td>2.30</td>
<td>2.15-2.49</td>
<td>65-69.99</td>
<td>All final grades below B- are indicative of failure at the graduate level and cannot be counted toward Faculty of Graduate Studies course requirements.</td>
</tr>
<tr>
<td>C</td>
<td>2.00</td>
<td>1.85-2.14</td>
<td>60-64.99</td>
<td></td>
</tr>
<tr>
<td>C-</td>
<td>1.70</td>
<td>1.50-1.84</td>
<td>55-59.99</td>
<td></td>
</tr>
<tr>
<td>D+</td>
<td>1.30</td>
<td>1.15-1.49</td>
<td>50-54.99</td>
<td></td>
</tr>
<tr>
<td>D</td>
<td>1.00</td>
<td>0.50-1.14</td>
<td>45-49.99</td>
<td></td>
</tr>
<tr>
<td>F</td>
<td>0.00</td>
<td>0-0.49</td>
<td>0-44.99</td>
<td></td>
</tr>
</tbody>
</table>

**Notes:**
- A student who receives a "C+" or lower in any one course will be required to withdraw regardless of their grade point average (GPA) unless the program recommends otherwise. If the program permits the student to retake a failed course, the second grade will replace the initial grade in the calculation of the GPA, and both grades will appear on the transcript.

## Safety

Participation in this course will involve the use of shop tools, including blades, grinders, lasers, robotic arms, and other Bond villain devices. We shouldn’t have to tell you to be safe around lasers, but here it is: improper use of this equipment can result in serious injury and/or damage to the equipment. For detailed information and certification required before using the shop, please refer to the EVDS website:

[evds.ucalgary.ca/content/workshop](http://evds.ucalgary.ca/content/workshop)
Students are required to have completed EVDS shop training to use the shop facilities. Please contact the head shop technician (evdsshop@ucalgary.ca) for details about training schedules and other requirements.

SAFE USE OF SHOP EQUIPMENT WILL ALWAYS TAKE PRECEDENCE OVER COURSE REQUIREMENTS. DO NOT DRIVE OR USE SHOP EQUIPMENT IF YOU HAVE MISSED A NIGHT OF SLEEP.

The course will also involve intensive use of software, which can at times entail long stretches in front of a computer. Please be conscious of ergonomic practices in your workspace habits. Take frequent breaks, drink lots of water, and change your scenery every now and again. The following website, published by Cornell University, offers some good advice about the ergonomics of notebook computer use:

[ergo.human.cornell.edu/culaptoptips.html](ergo.human.cornell.edu/culaptoptips.html)

### Course Expectations

Students are expected to:

- Prepare for, attend, and participate in all class sessions.
- Demonstrate graduate-level discourse, in rigour of thought and quality of execution.
- Post or submit assignments on time. Late assignments will be docked half of a letter grade per day.

### Extensions and Other Issues

To notify the instructors of an issue impacting your ability to complete coursework on time, or to request an extension, please send an e-mail containing the information in the bullets below. Submission of an e-mail does not guarantee an extension. The instructors commit to responding to e-mail within two week days; please plan accordingly. In your message, please include:

- Your full name & student number.
- A brief explanation of the issue.
- Your proposed solution to the issue (i.e. if requesting an extension, suggest a suitable replacement deadline).

### Other Notes

1. Written work, term assignments and other course related work may only be submitted by e-mail if prior permission to do so has been obtained from the course instructor. Submissions must come from an official University of Calgary (ucalgary) email account.

2. Academic Accommodations. Students who require an accommodation in relation to their coursework or to fulfill requirements for a graduate degree, based on a protected ground other than disability, should communicate this need, preferably in writing, to their Instructor or the designated contact person in EVDS, Jennifer Taillefer (jtaillef@ucalgary.ca). Students who require an accommodation unrelated to their coursework or the requirements for a graduate degree, based on a protected ground other than disability, should communicate this need, preferably in writing, to the Vice-Provost (Student Experience). For additional information on support services and accommodations for students with disabilities, visit [www.ucalgary.ca/access/](http://www.ucalgary.ca/access/)

3. Plagiarism - Plagiarism involves submitting or presenting work in a course as if it were the student’s own work done expressly for that particular course when, in fact, it is not. Most commonly plagiarism exists when:
   - (a) the work submitted or presented was done, in whole or in part, by an individual other than the one submitting or presenting the work (this includes having another impersonate the student or otherwise substituting the work of another for one’s own in an examination or test),
   - (b) parts of the work are taken from another source without reference to the original author,
   - (c) the whole work (e.g., an essay) is copied from another source, and/or,
   - (d) a student submits or presents work in one course which has also been submitted in another course (although it may be completely original with that student) without the knowledge of or prior agreement of the instructor involved. While it is recognized that scholarly work often involves reference to the ideas, data and conclusions of other scholars, intellectual honesty requires that such references be explicitly and clearly noted.

4. Appeals: If a student has a concern about the course, academic matter, or a grade that they have been assigned, they must first communicate this concern with the instructor. If the concern cannot be resolved with the instructor, the student can proceed with an academic appeal, which normally begins with the Faculty: [http://www.ucalgary.ca/provost/students/ombuds/appeals](http://www.ucalgary.ca/provost/students/ombuds/appeals)

5. Information regarding the Freedom of Information and Protection of Privacy Act ([http://www.ucalgary.ca/secretariat/privacy](http://www.ucalgary.ca/secretariat/privacy)) and how this impacts the receipt and delivery of course material

6. Emergency Evacuation/Assembly Points ([http://www.ucalgary.ca/emergencyplan/assemblypoints](http://www.ucalgary.ca/emergencyplan/assemblypoints))

7. Safewalk information ([http://www.ucalgary.ca/security/safewalk](http://www.ucalgary.ca/security/safewalk))
